

Fred Forest's retrospective at Centre Pompidou.

An invitation to participate to the diffusion of the videoconference

Dear friends

The Pompidou Center, National Museum of Modern Art, will present on July 12th to August 28th a retrospective of Fred Forest. At this occasion a round table will be held July 12th from 19 h to 21 h with the participation of Alicia Knock, exhibition's curator, and Michaël Leruth, the author of Fred Forest's UTOPIA, Media Art and Activism book.

The round table will be broadcasted live on Youtube. This initiative is to be done in the framework of ArtComTec seminars by viisioconference, and of the Interactive Museum that I organize since 1989 in the spirit and the framework of the Esthetics of Communication group co-founded by Fred Forest and Mario Costa.

A diffusion network in real time through Youtube is now being organized. If you are interested to participate and present a screening of the event to the public of an association or institution or simply to friends in your vicinity, please confirm it to me by email and I will be happy to discuss with you about technical details of the transmission by phone or FB vidéo or Skype.

The LUTIN - Cité des Sciences et de l'Industrie, and Geoffrey Tissier, laboratory engineer, will contribute their technical assistance to the videoconference.

Cordially yours.
